On Fire Matters.

The following letter from an oldlocal affairs, will be read with interest appertaining to fire-engine service as light and sewers, when the works for anybody in the United States. He has shall be owned and controlled by the attended many tournaments for the Willison, from the Pierce County municipality," and the said section exhibition of devices for saving life and property from the devouring element, and his opinion of the capability of "Old Reliable." Columbia No. 1, is hoped that a test will be made by our Department, to ascertain not only i our hand engine will maintain her record of 1865, but to give evidence as to the relative effectiveness of the nozzles, as suggested by Mr. Williams:

NEWBURGH, N. Y., July 23, 1889. To the Officers and Members of Columbia Engine Company No. 1. GENTLEMEN:-I thought that you night possibly feel an interest in a nament held in this section of the country, and having an invitation to

If that quaint old city of Catskill which is so beautifully nestled amor Winkle lethargy which it is said still clings to the dwellers along its hill-Vednesday last, when the city, from its highest staff to its lowest arched of national colors, in flags, bunting, trapery, and in every conceivable combination of the "red, white and blue, Welcome," was written over all the Walla Walla, and Dunbar, of Klickitat, engine houses, entwined in evergreens rom every flagstaff, and perhaps more countenances of all the inhabitants. Every car, steamboat and wagon com in the matter of transportation of their ing to the city brought additional persons who joined in swelling the vast numbers of those who, from early Griffits, with his logical arguments morning until long into the night.

hronged its streets. The prize for maneuvering men upon Hook and Ladder Co., of Athens. This company drilled with so much precis ion, and were so warmly applauded by Convention took a deep interest, at 6 the citizens who lined the sidewalks that all competitors withdrew from the field, without permitting comparison.

The hose carriage race was won by floor were extended to ex-Governor Lafayette Hose, Valatie, N. Y., who made attachment hydrant, ran off with carriage 305 feet of hose, broke coupling and attached pipe. Time disputed, but about 471 seconds. The hand engine trial attracted a arge crowd, among which were many firemen, who were greatly interested

in the working of the engines, and in their several distance plays. The first prize, \$100, for distance. was awarded to Hudson River Engine Co., of Coxsackie, N. Y., which played feet and 9 inches. This was a 10-inch The Committee on Water and cylinder, crane neck, Button and Blake engine, which drafted her water, 4 feet perpendicular, worked with 69 men on her brakes at once, through 250 feet of

> stroke, using a ring nozzle. The second prize, \$50, was won ring nozzle, 172 feet and 9 inches The third best play was made by the inch cylinders, working 6-inch stroke.

through 150 feet of hose, suction as above, 3-ring nozzle, 161 feet. These plays were all made from the reservoir, and were favored by a ten-foot down grade. I considered the play as not very creditable to any of the engines, and very sincerely wished that I had my old Columbia crew and engine there, that we might have captured the first prize, which they assur edly might have done had they been there, and in condition as in 1865. when they played under similar cir cumstances a 1-inch stream, on level

With kindest regards to the members of the company, wishing them every success, I remain, with many leasant memories of the past,

Very truly yours, Chas. E. WILLIAMS. TERRITORIAL HAPPENINGS.
