ABOUT THE WASHINGTON JOURNAL OF ENVIRONMENTAL LAW & POLICY

The Washington Journal of Environmental Law & Policy at the University of Washington School of Law is a publication dedicated to highlighting and adding to the body of environmental legal scholarship in the Pacific Northwest and beyond. Founded in 2009, we work to compliment the University of Washington’s outstanding record on environmental sustainability and the University of Washington School of Law’s commitment to training the next generation of environmental legal practitioners, scholars, and policymakers.

Above all else, The Washington Journal of Environmental Law and Policy is made possible by students who care about the environmental and the law.
