NUGGETS.

Vote for S. H. Berry.

Read Mrs. Beckley's new "ad." on this page.

Mrs. W. B. Allen of Tacoma, is visiting her parents in this city.

The Lewis county fair commences on Tuesday, October 2d.

The Democratic club meets to-night (Saturday), at the new opera house.

Reed's new chop house never closes—ask for what you want and you will get it.

Hon. John Miller Murphy, the candidate for State Auditor was in the city on Sunday.

Mr. Kirk, next door THE NUGGET, deals in almost everything in the general confectionery.

The prospects look bright for a large attendance at the fair which commences on October 2d.

This must be a good show town—they all come, but very few give a performance worth the money.

The Chehalis flouring mill company manufactures the Daisy brand—the very best flour in the market.

C. A. Barnes of Olympia was in Chehalis this week, working for the constitution and Olympia for the capital.

Next Sunday evening the sacrament of the Lord's supper will be administered at the M. E. church.

Those who have not visited our hop fields will be surprised at the display which will be made at the fair, October 2d.

The finest stock of Millinery goods can now be seen at the Chehalis Millinery Parlors, opposite the court house.

A game of billiards is a pleasant pastime and you can play that game at Charley Reed's, on Main street—no liquor sold.

Miss Pollie Garner, who has been visiting friends in Chehalis several weeks, returned to her home in Carbonado last Monday.

If the voters of Centralia know their duty they will not vote for the man who had that precinct cut off from the county last fall.

The grading of the streets is progressing, and soon Chehalis can say that there are no better streets in any city in the State.

Mr. Waymire, of Boisfort, recently lost three hundred tons of hay by fire. The value of the same amounted to about \$3000.

C. S. Smith, an old resident of Texas has been here some time and has been so well pleased with the climate that here he will stay.

Grand opening of fall stock of hats and bonnets at Mrs. Beckley's millinery parlors, opposite the court house, on Tuesday, October 1st.

R. T. Siler of Vance was in the city this week and says his section of the country never looked better and had a better prospect than at this time.

Henry Long, in abusive language, attacked one of THE NUGGET employes on the street on Friday. His language was too filthy for publication.

Max Caplin, the tailor, writes from Corvallis and wants to know if there is room for another tailor in Chehalis. Yes, Max, there is plenty room.

Lost.—A young black curly dog with white breast and answers to the name of "Dandy." Any person returning the same to L. Lawrence will be suitably rewarded.

Mr. D. Motter, agent for J. M. Ogle, the leading and most reliable nursery man of Washington is now in Chehalis and will remain until after the fair. He can be found at the Miller House, on Main street.

According to a new arrangement made at the last M. E. conference Chehalis has been made a separate charge. Hereafter Rev. E. J. Moore, the pastor will preach at 11 A. M., and 7:30 P. M., each Sunday.

The finishing touches are nearly completed on the Odd Fellows' new building, and on its completion, which will be about the 15th of October, an entertainment will be given and a social dance afterwards.

Would it not be of more benefit to the county to have Henry Long do his duty as superintendent of the road for which the county allowed \$1,500—which is in front of his door—than to have him traveling all over the county abusing his political opponent and telling campaign yarns?

The Democratic party believes that THE PEOPLE should govern the new state of Washington and it calls upon the people to aid in bringing about that result.

Are the people of the north end of the county going to support the man who was instrumental in having that portion of the county cut off when districting for delegates to the Constitutional Convention?

Messrs. Barton and Huston, of Tacoma, who were sent to Winlock recently by the republican party to make speeches failed to show up at the appointed hour, but were found beastly drunk in the brush on the Toledo road.

When the editor of the Bee made the statement in his paper that Mr. S. H. Berry is going about the country telling malicious falsehoods about his political opponent, it was he who was telling malicious falsehoods and he knew it at the time he wrote the article.

Henry Long, the republican candidate for state senator, received somewhere in the neighborhood of \$67 for superintending the construction of the bridge across the Chehalis river at the mouth of the Newaukum, while another republican superintendent of bridges, Mr. Crosby, only charged the county \$36 for overseeing the work of construction of three bridges, of the very same pattern and just as large and across the same stream. These are facts and cannot be refuted by Mr. Long or anyone else.

The Democratic meeting at Boisfort last Thursday night was well attended, the school house being crowded to its utmost capacity, many ladies being present. The meeting was presided over by F. Williams, who introduced Hon. C. S. Voorhees in a short and enthusiastic speech. Judge J. M. Epler was then introduced and was followed by Hon. J. B. Landrum. It is claimed by the people of Boisfort that Mr. Voorhees delivered the best address ever made in that part of the country. The speakers were well received by the audience who frequently interrupted them by loud and prolonged applause. Boisfort will cast a large vote for the Democratic candidates.

Hon. S. H. Berry has always been a friend to the workingman.

Guard the Lands.

Through the munificence of the general government the state of Washington will have upon her admission to the Union a most magnificent heritage in lands. Her school and tide land possessions will aggregate millions of dollars in value, and properly handled will not only suffice for the purposes of education upon a grand scale for all time to come, but will go far toward paying for much of the public improvement which must be undertaken in the near future, and which, if paid for by taxation, will come as a heavy burden upon the people. Upon much of this land the corporations have already cast an envious eye. They hope to secure the passage of some laws and to prevent the passage of others, and by so doing secure legislation which will render the practical confiscation of these lands by them comparatively easy. It is in the highest degree important that the people should give their close attention to this matter. It is through the success of the republican party, confident of the influence they have in that party, that the corporations hope and expect to bring about the desired result. The democratic party is pledged, in the event of its success, to prevent anything of the kind. It is fighting the cause of the people for the preservation to them and their children of this immense inheritance, and calls upon all who believe that the corporations should be prevented from robbing them of it to join in aiding the success of the Democratic party.

Vote for the peoples' choice for State Senator—Hon. S. H. Berry.

Mr. Berry's Record. (From the Chehalis Bee.) Arrived in Lewis county in 1881. Elected Surveyor in 1882. Elected Auditor in 1884. Re-elected auditor in 1886. Chosen delegate to the constitutional convention in 1889. Right you are Brother Owens, and the people of Lewis county will elect him State Senator on October 1st, because they know he is honest and will stand between the people and corporations.

No Democrat should be recreant to his duty, and that duty is to checkmate the nefarious plans of the republicans by aiding in placing the true issues before the whole people.

Be Vigilant and Active.

Members of the Democratic party, which is synonymous with saying, believers in pure government, should not permit the grass to grow under their feet in the short period that now intervenes between to-day and the election. The political knavery and corrupt electioneering methods of the republican party have been a deplorable matter of history in the past, and there exists no good reason for doubting that bossism and ring tactics will characterize the coming election, if such a thing is in any way possible. Tireless activity and the greatest vigilance should now be shown to characterize the workers in the cause of honest government, and the casting out of questionable votes on election day should be fearlessly insisted on. The outlook from the Democratic point of view is at the moment most promising, but when the eventful day arrives, to insure the victory, every man who has a vote should repair in an orderly manner to his polling station and there cast his ballot for a pure government of the people, in which trickery and knavery are regarded at their just worth.

If the republican schemers can only secure the spoils they don't care a fig what may become of the people who have to pay the taxes.

There has been considerable said during this short campaign about corporations. Now this subject has been spoken of in rather an off-hand way, so much so that it is possible that some who have not given the question much consideration, look upon it as a kind of political chestnut. But let us see if it is. The U. S. government has given the Northern Pacific railroad enough money to have built it as far as they have it built. Now in addition to this the U. S. government has given this railroad company enough of our public domain to make an empire as large as the empire of Great Britain proper. All of this was done while the republicans had control of congress. During the administration of Grover Cleveland and while the Democrats had control of congress, the secretary of the interior undertook and did get back a large part of this domain to the people. This railroad company very naturally objected, but found that their objections amounted to nothing as long as the congress was Democratic. This the railroad companies know, and this is the very reason that all of these great railroad magnates are republicans. And this, my fellow voters and citizens of Lewis county, is the reason that our candidate for state senator of the republican ticket can carry an annual railroad pass and our Democratic candidate for state senator has to pay full fare as do the rest of the common people. Now with all candor we ask the voters of Lewis county, whether you be Democratic or republican, which of these two gentlemen will be the most likely to represent the interests of Lewis county in the senate.

A. Donahoe will make an accommodating and efficient county clerk.

NEWAUKUM ITEMS.

All the men in Newaukum are talking about casting their votes for Hon. S. H. Berry.

The hop pickers are coming home with a few dollars and a hungry look.

To catch L. Vogel drawing up a plan for a dwelling house and enquiring the price of furniture looks suspicious.

The boarders are all kicking on sour milk since Beach commenced doing the milking.

The potato crop was frozen by the late frost, but as the dog salmon has begun to run we will not starve.

For sale—15 dozen second-hand pants buttons at Shefflin's logging camp, they would do to sew on ladies' every day shoes. H. S.

Let the people ask themselves why it is that the trusts and corporations are aiding the republican party in this campaign.

What has the republican party done for the workingman, except reduce his wages at every opportunity.

NOTICE.

Parties wishing to see me at my office will please call hereafter on Saturday. Office with W. A. Reynolds. U. E. HARMON, Superintendent of Schools.

The Democrats of Lewis county are united.

Voters Consider.

The action of Prof. J. H. Morgan, present Superintendent of public instruction and Democratic candidate for election to that office, in preventing a change of school books at this time, has saved the parents of this territory thousands of dollars. Voters consider this. The buying of new books for your children is no small item. Vote for the man who has considered your interests.

Remember too, that he was permanently crippled while in the discharge of his official duties. By voting for him, you will aid an honest and capable man, and one who saved money for you.

A vote for the republican party will be a vote for the trusts and corporations.

Toledo.

EDITOR NUGGET:—Pursuant to a call the citizens of Toledo, irrespective of party, met at N. Dubeau's Hall Saturday night and organized the Toledo Liberal Democratic Club. The meeting was called to order by Mr. F. McNulty and the following officers elected: President, R. Stopper; Vice-President, E. Burbee; Treasurer, C. Devine; Secretary, G. W. Mehl. Finance committee, Wm. Eadon, N. Dubeau, W. Kimbrough, J. Loughran, Sr., and F. McNulty.

Hon. S. H. Berry being present addressed the club on the issues of the coming campaign; also several others. The best of harmony prevailed and with such leaders as Hon. S. H. Berry, Toledo and vicinity expect to poll a handsome majority for the Democratic ticket on October 1st. G. H. MEHL.

Hon. S. H. Berry never rode on a "free" railroad pass. Very unlike his opponent, Henry Long.

HE STOOD BY THE PEOPLE.

Boisfort, Sept. 24th.

EDITOR NUGGET:—In your last issue I see that you quote me as authority in one of your editorials in regard to Mr. Berry's course in the Constitutional Convention. In justice to Mr. Berry and the committee on state, school and granted lands, I hereby send you the report of said committee as regards the sale of lands lying near cities, and you will see that the committee limited the appraisal at \$200 per acre, which would exclude the land lying west of Chehalis from the provisions of the section. Mr. Berry and myself wishing to have said land included, agreed that when the section came up for consideration in the convention, Mr. Berry should move to strike out \$200 and insert \$100, and that I should support the motion, which was done and the motion carried, and the result is that we have Section 4, of Article 16 as it now stands in the constitution. Hoping you will be so kind as to insert this in your next number, I am yours Most Respectfully, O. H. JOY.

[The above plainly goes to show, coming as it does from an honest and truthful republican, that Hon. S. H. Berry was working for the interests of the poor man and the people of Lewis county.]—Ed.

Hon. S. H. Berry opposed the creation of unnecessary offices and high salaries in the Constitutional Convention.

THE COMBINATION.

WINLOCK, Sept. 20th.

EDITOR NUGGET:—One section of the combination has come and gone, that is the Robinson section, after an unsuccessful effort to hire the band, the committee having offered \$10 for their services, but not having the money the band did not play; an order on the chairman at Chehalis for the amount was refused as that was not considered "protection" money.

Robinson started out with his usual dry jokes, and suddenly called Henry Long a gentleman and a friend of the people; the latter being a surprise to the entire audience.

The other section will be here soon, when it is expected that the late chairman will give his reasons for having set aside Centralia and other precincts to Thurston county, as he stated at the time he expected to be a delegate but was afraid of Centralia's vote. Why? Voters think of it! He had good reasons to be afraid of Centralia's vote.

The trouble with the colored gentlemen in your city has caused Herren and "Sonny" Long to annul their contract as Lord St. Herren can not deliver "the goods,"—the Southern vote.

By the way, Mr. Berry was here, and by his gentlemanly bearing and courteous manner has won a host

of friends. You don't hear the voters crying after him, "free pass," "deport mover," "I am afraid of Centralia's vote," etc. Not much, Mr. Berry is too clean a man, and has made too good a record in the Constitutional Convention. He is no corporation man, but stands by the people of his county first, last and all the time.

LATER. Lord St. Herren and Henry Long spoke to a small audience Wednesday night. Herren followed in the line of other republican speakers and waved the "bloody shirt." Henry made about the same speech that he did at other precincts prior to coming here, and of course tried to make the audience believe that he would stand on the side of the people if elected State Senator, which made his listeners smile. A REPUBLICAN.

LUMBER FOR SALE.

30,000 feet of flooring and rustic for sale at Javan Hall's wood yard, corner First and Center streets, Chehalis, Washington.

"Cultivated and uncultivated lands of the same quality and similarly situated should be assessed at the same value."—S. H. Berry.

An old resident physician and a certain republican candidate of the county better look a little out and not "fly too high" for a poor orphan girl of Olympia is liable to "squeal."

DYSPEPSIA.

It is that misery experienced when we suddenly become aware that we possess a diabolical arrangement called a stomach. The stomach is the reservoir from which every fibre and tissue must be nourished, and any trouble with it is soon felt throughout the whole system. Among a dozen out of the hundred who are afflicted with dyspepsia no two will have the same symptoms. Dyspepsia is a general term for all disorders of the stomach and bowels. It is a disease which is subject to sick headache; those who are afflicted with it are liable to indigestion, flatulency, belching, and a general feeling of uneasiness. The bowels are generally constipated, and the system is generally debilitated. Dyspepsia is a disease which is often overlooked, and is generally regarded as a trifling ailment. It is a disease which is often overlooked, and is generally regarded as a trifling ailment. It is a disease which is often overlooked, and is generally regarded as a trifling ailment.

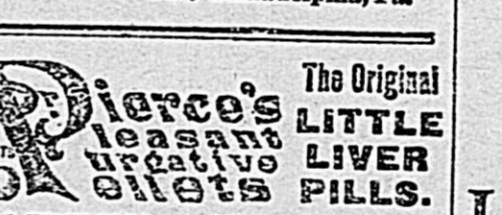

The underlying cause is in the LIVER, and one thing more is equally certain, no one will remain a dyspeptic who will

Start the Liver to working, when all other troubles soon disappear.

"My wife was a confirmed dyspeptic. Some three years ago by the advice of Dr. Steiner, of Augusta, she was induced to try Simmons' Liver Regulator. I feel grateful for the relief it has given her, and any one who reads this and is afflicted in any way with chronic or obstinate dyspepsia, use Simmons' Liver Regulator and I feel confident health will be restored to all who will be advised."—Wm. M. Kazzus, Fort Valley, Ga.

\$500 REWARD is offered by the manufacturer of Dr. Sage's Catarrh Remedy, for a cure of Catarrh of the Throat, Nose, or Lungs, which they cannot cure.

SYMPTOMS OF CATARRH.—Dull, heavy headache, obstruction of the nasal passages, discharges falling from the head into the throat, sometimes profuse, watery and acrid, at others, thick, tenacious, mucous, curdled, bloody and purulent; the eyes are weak and watery; there is ringing in the ears, deafness, hoarseness or coughing to clear the throat, expectoration of offensive matter, together with scabs from ulcers; the voice is changed and has a "nasal twang"; the breath is offensive; smell and taste are impaired; there is a sensation of dizziness, with mental depression, a heaving cough and general debility. Only a few of the above-named symptoms are likely to be present in any one case. Thousands of cases annually, without manifesting half of the above symptoms, result in consumption, and end in the grave. No disease is so common, more deceptive and dangerous, or less understood by physicians.

By its mild, soothing, and healing properties, Dr. Sage's Catarrh Remedy cures the worst cases of Catarrh, "Cold in the Head," Coryza and Croup. It is sold in all drug stores, and by druggists everywhere; 50 cents.

"Untold Agony from Catarrh." Prof. W. HANSEN, the famous mesmerist of Boston, N. Y., writes: "Some ten years ago I suffered untold agony from chronic nasal catarrh. My family physician gave me up as incurable, and said I must die. My case was a lost one, that every day, towards sunset, my voice would become so hoarse I could barely speak above a whisper. In the morning my coughing and clearing of my throat would shake the whole house. By the use of Dr. Sage's Catarrh Remedy, in three months, I was a well man, and the cure has been permanent."

"Constantly Hawking and Spitting." THOMAS J. KESNICK, Post-Office, 262 Pine Street, St. Louis, Mo., writes: "I was a great sufferer from catarrh for three years. At times I could hardly breathe, and was constantly hawking and spitting, and for the last eight months could not breathe through the nostrils. I thought nothing could be done for me. Luckily I was advised to try Dr. Sage's Catarrh Remedy, and I am now a well man. I believe it to be the only sure remedy for catarrh now manufactured, and one has only to give it a fair trial to experience its efficacy and results as a permanent cure."

A Complete Treatise on Catarrh, giving valuable hints as to diet, dress, and other matters of importance, will be mailed, post-paid to any address, on receipt of a two-cent postage stamp. World's Dispensary Medical Association, No. 663 Main Street, BUFFALO, N. Y.
